Mr Oliver FORTESCUE
International Director, CQ University, Australia
o.fortescue@cqu.edu.au
Would students in 2030 differ from today?
Would student mobility drivers in 2030 differ from today?
Are institutional strategies ready to adapt?
Envisioning Pathways to 2030:
Megatrends shaping the future of global higher education and international student mobility

bit.ly/Megatrends2030

Rahul Choudaha
Edwin van Rest
By 2030, an estimated increase of nearly 120 million students in higher education and 2.3 million internationally mobile students.

- **World Population**
  - 2015: 7,383,009
  - 2030: 8,551,199
  - Change: 1,168,190 or 16%

- **Higher Education Enrolment**
  - 2015: 212,669
  - 2030: 332,240
  - Change: 119,571 or 56%

- **International Student Enrolment**
  - 2015: 4,538
  - 2030: 6,869
  - Change: 2,331 or 51%

All numbers in thousands.
